DEDICATION

In the name of Allah SWT, the Most Gracious, the Most Merciful. All praises be to Allah SWT for the never-ending grace, strength, and mercy that have enabled me to complete this thesis.

With deepest love, emotion, and gratitude. I dedicate this humble work to:

Especially to the late Mr. Yanto, the person I miss the most. It was very difficult to be left behind at such a young age. Thank you for all your sacrifices, love, and responsibility for providing me with a decent life while you were alive. Thank you for being the biggest reason for me to stay motivated in pursuing the bachelor's degree you dreamed of. Although it has been incredibly difficult to navigate the hardships of life without your presence, feelings of envy and longing often cause me to falter. I hope you are proud of my efforts and struggles so far.

To my beloved mother, Trisnawati, thank you for all your love, prayers, and endless sacrifices. Thank you for being the greatest source of strength in my life, constantly encouraging me to never give up, even when things get tough. Without your presence and sincere love, I might not have come this far. Thank you for being a supermom who can overcome all the challenges and difficult situations of this world without a husband by your side. Thank you for being such a wonderful mother. Love you, supermom. Stay healthy and happy always, Mom.

To all the lecturers who have guided me throughout my university years, thank you for your wisdom, advice, and invaluable lessons. I express my deepest gratitude especially to: Dra. Hj. Wennyta, M.Pd, as my First Thesis Supervisor, and Kartika Dewi, MP.d., as my Second Thesis Supervisor, for your time, patience, guidance, and encouragement during this process. Also, thank you to all the campus

staff and administrative officers who supported me with sincerity along the way.

To my fellow college fighters, thank you for the spirit, the collaboration, and the unforgettable memories we created together. We have struggled, laughed, and almost given up — but we made it here. A special shout-out to Dewi April, thank you for your friendship, support and motivation.

Finally, the author would like to express sincere gratitude to herself, Anisa Maharani, for the perseverance, dedication, and strength shown throughout this journey. Thank you for not giving up in the face of challenges, for believing in the process despite uncertainties, and for continuing to move forward with courage and determination. This achievement stands as a reflection of resilience, faith, and self-belief that turned obstacles into growth and perseverance into success.
