

ABSTRAK

Cheryl Agrippina Alfreda Naldo Alpharel, 2026. **Tinjauan Kriminologis Terhadap Tindak Pidana Pornografi Melalui Internet di Kepolisian Resor Kota Jambi.** Dibimbing oleh Ibu Dr. Nyimas Enny F.W., S.H., M.H. dan Bapak Sumaidi, S.H., M.H.

Kata Kunci: Kriminologi, Tindak Pidana Pornografi, Internet, Penegakan Hukum.

Tindak pidana pornografi melalui internet merupakan bentuk kejahatan siber yang berkembang seiring kemajuan teknologi informasi dan berdampak pada pelanggaran norma kesusilaan serta ketertiban sosial. Penelitian ini bertujuan untuk menganalisis faktor-faktor penyebab terjadinya tindak pidana pornografi melalui internet, kendala yang dihadapi aparat penegak hukum, serta upaya penanggulangannya di wilayah hukum Kepolisian Resor Kota Jambi. Penelitian ini menggunakan metode yuridis empiris dengan pendekatan socio-legal, melalui studi kepustakaan dan penelitian lapangan berupa wawancara serta dokumentasi. Data dianalisis secara kualitatif untuk memperoleh gambaran yang komprehensif mengenai fenomena yang diteliti. Hasil penelitian menunjukkan bahwa tindak pidana pornografi dipengaruhi oleh faktor internal dan eksternal, antara lain kemudahan akses teknologi, motif pribadi seperti balas dendam, faktor lingkungan sosial, serta rendahnya kesadaran hukum. Penegakan hukum menghadapi kendala berupa keterbatasan sumber daya manusia, sarana dan prasarana, serta kompleksitas pembuktian digital. Upaya penanggulangan dilakukan melalui peningkatan kapasitas aparat, optimalisasi sarana pendukung, kerja sama antarinstansi, serta langkah preventif melalui sosialisasi hukum kepada masyarakat. Dengan demikian, diperlukan pendekatan kriminologis yang komprehensif dan sinergis dalam menanggulangi tindak pidana pornografi melalui internet.

ABSTRACT

Cheryl Agrippina Alfreda Naldo Alpharel, 2026. A Criminological Review of the Crime of Pornography through the Internet at the Jambi City Police Resort. Supervised by Dr. Nyimas Enny F.W., S.H., M.H. and Sumaidi, S.H., M.H. Keywords: Criminology, Crime of Pornography, Internet, Law Enforcement.

The crime of pornography through the internet constitutes a form of cybercrime that has developed alongside advances in information technology and has resulted in violations of moral norms and social order. This study aims to analyze the factors causing the occurrence of pornography crimes through the internet, the obstacles faced by law enforcement officers, and the efforts undertaken to address them within the jurisdiction of the Jambi City Police Resort. This research employs an empirical juridical method with a socio-legal approach, conducted through library research and field studies in the form of interviews and documentation. The data were analyzed qualitatively to obtain a comprehensive understanding of the phenomenon under study. The results indicate that pornography crimes are influenced by both internal and external factors, including the ease of technological access, personal motives such as revenge, social environmental factors, and low levels of legal awareness. Law enforcement faces obstacles such as limited human resources, inadequate facilities and infrastructure, and the complexity of digital evidence. Countermeasures include enhancing the capacity of law enforcement personnel, optimizing supporting facilities, strengthening inter-agency cooperation, and implementing preventive measures through legal awareness programs for the community. Therefore, a comprehensive and synergistic criminological approach is required to effectively combat pornography crimes through the internet.
